To Town Tax-Payers.
The City needs its taxes, and I have been instructed to begin collecting. Please be ready. Its just as easy to pay now as it will be later on. The penalty will soon be added.

Messrs Doty and Kinnaird, who secured the celebrated Schuman Concert Co., are meeting with much encouragement and the house will be filled to overflowing, from present prospects. The company is one of the very best on the road and is delighting the people everywhere they go.

More Improvements.
Mr. James Maret, of Mt. Vernon, has been here this week assisting in making some extensive improvements at the telephone exchange. If Jim could pull political wires with as much accuracy as he can telephone lines, he could soon land in the presidential chair.

The Gilcher Opens.
After remaining closed for several months, the famous Gilcher Hotel, at Danville has again been thrown open to the public. It is under the management of Mrs. Munday, of Shelbyville. Mr. A. M. Hoedlich, formerly with the Phoenix, Lexington, will have charge of the office. It will be run as a two dollar house, with free fires.

Pretty Millinery.
A great many ladies came in Saturday to see the millinery displays at the local stores. Each store, Misses Noel's and Miss Sallie Tillet's, had been tastefully decorated for the occasion, and presented quite an inviting appearance. It is said that the local displays far exceeded any previous collections of hats, etc., ever brought to Lancaster. A great many were sold and many more laid aside for customers. The stocks are quite large, and they are as pretty a lot as can be found in this section of the state.

To Manage the Opera House.
At a meeting of the owners of the Opera House, held Friday, it was decided to secure the services of Judge M. D. Hughes to manage the house for the remainder of the season. Judge Hughes did not rent the house, but merely manages it for the company. He has had experience in the business, and will make a good man for the place. He has commenced work on booking some of the best attractions on the road. He tells The Record that all snide troupes will be given a wide berth, which action will meet with the hearty approval of the patrons of the house.

A good rain fell Saturday night, which broke the drought of several months' duration. Several good showers have fallen during the week, and cisterns are filling up and springs running business.

Mr. Wm. Ward is having the large pool at the Lancaster Mills walled to the top and securely coated with cement. This will make a basin about seventy-five feet square, and one of the best in the state.

Last of the Season.
The L. & N. will sell round trip tickets to Cincinnati Sunday morning (2:32 o'clock train) at \$1.50. This will be the last excursion rate of this kind until next summer. Its a cheap trip and quite enjoyable.

Trouble Threatened.
A brass band has been organized at Danville, and threats of one are being made at Nicholasville. Every day we study on a speech being prepared for St. Peter, asking forgiveness for having assisted in a home "talent" band.

After a lingering illness, Mr. James Hunt died at the home of his nephew, James Todd, near Paint Lick. Mr. Hunt was a farmer by occupation, was sixty-four years old and well-known by many in this county. The burial was in the family burying ground.

A Good Idea.
Petitions signed by a large number of prominent citizens and sportsmen of Bourbon county, have been presented to the County Court favoring the appointment of Mr. Thos. E. Clay as game warden for the protection of fish and game according to law. The signers of the petition pledge themselves to pay the salary.

The Made in Tailor-Made Gowns.
As to every-day gowns for this winter, Parisian women are coming around more and more to the tailor-made. There is nothing English about these. They relieve the severe effect with all sorts of fancies in borders, revers and collars. A little note of red strikes the eyes as a prominent feature in the new tailor-made things. October Ladies' Home Journal.

Doing Good Work.
Mr. J. E. Stormes, of the State Board of Pharmacy, tells us that the board is making it hot for the street fakirs who sell "medicines" on public days. They also made war on the saloons that sold bromo seltzer and other drugs, and shot the lot shot into the druglists who permitted unregistered men to prescribe over-the-prescription counters. The board is doing good work and should be encouraged.

Genuine Charity.
The other day, we saw a lady with a freezer full of ice cream, driving about town. Seeing her stop at several houses we made an investigation and found that she was visiting the sick and leaving a bowlful of this excellent food for the invalids. She visited every sick person in town. Now, this is the kind of good work that proves the genuine Christian. Most of the church members put in all the time singing about "In The Sweet Fields 'A-feeding'," and let the sick feed on what they can hustle around and find. That lady with the freezer of cream, did more genuine church work than have ninety per cent. of the front-seat sages during the past year.

The Advocate says the sale short-horned in Danville last week did not prove satisfactory, as prices were not up to anticipations. Forty head sold at an average of \$117 for females and \$90 for males.

Store Room For Sale.
The Record office has printed large bills announcing the sale of the Sweeney store room county court day, the 22nd. This is a fine room, in excellent condition and improvements which will prove a good investment.

Notice To Knights of Pythias.
After the usual summer rest, the lodge will resume its regular meeting Friday night, and it is hoped that every member will be on hand. There are some matters of importance to be attended to. G. B. Swinebroad, K R S

Prohibition Speeches.
Col. W. H. Ziegler, a prominent and eloquent speaker, will address the citizens at Bryansville Friday, Oct. 12, at 7 o'clock p. m., and also speak at Paint Lick Saturday Oct. 13 at 3 o'clock p. m. on behalf of the Prohibition party. Everybody invited.

Business Change.
Gaines & Ball have sold their stock of groceries to J. H. Patterson and J. H. Simpson. The new firm will continue the business at the old stand. Mr. Simpson was formerly of the firm of Fuller & Simpson, and his many friends will be glad to know that he will remain in Lancaster.

Reception at Baptist Church.
A reception will be given at the Baptist church Friday evening to meet the new pastor and his wife. Refreshments will be served and the occasion made enjoyable for those who attend. It is hoped that all members will be present, also all the "half" members. Rev. Wolford preached his first sermon Sunday morning, and those who heard it are delighted with him.

Former Lancaster Boy Married.
Mr. Lawrence Rose, who was born in Lancaster and lived here some time, was married at Pine Hill last week to Miss Ida Meadows, a popular and pretty young lady of that city. Mr. Rose is a son of Capt. John Rose, of the L. & N. and like his father, is one of the cleverest fellows in the world. The Record extends congratulations. Mr. Rose is with the L. & N., holding a clerkship under Master of Trains Roller.

The Tiger War.
The City Council held another meeting Monday night, when the ladies were again on hand to urge war on the blind tigers. Addresses were made by several of the union and it was decided to put on another policeman to work at night, and also during the day, for the sole purpose of breaking up the illegal sale of whisky. The names of Henry Barlow and Dce Turner were presented. On a vote Councilmen Curry, Bengie, Beazley and Hamilton voted for Turner and Hagginsbotham for Barlow. Turner promises to leave no stone unturned, and work diligently for the desired end. He was at once sworn in and entered upon duty. Mr. Turner is a steady, reliable man. He does not know the meaning of the word fear, and when he sees violations of the law, will not hesitate to take hold of the offender. What the people want to do now is to back up the officer and show that they are interested in the work. Unless he has the support of all law abiding citizens, he can do nothing. If the people will take hold of the matter and help smoke out the wirepullers, Lancaster will soon be the dry town the law says she should.

CENTRAL RECORD

THURSDAY, OCT. 11, 1900

EVERY WEEK BY
LOUIS LANDRAM, Publisher.
LANCASTER, KENTUCKY.

OFFERS of free supplements continue to roll into THE RECORD office. The accommodating campaign committees are very generous and even offer to pay the express and print our name on them.

NEVER in the last fifty years at this season has there been such apathy in an approaching presidential election, says the Hawesville Plaindealer. There is no bad feeling among the people, no argument as to men or platforms and all the wind-jammers and spellbinders so far have entirely failed to get up an excitement. The people are cool and are closely studying the questions, and will be able to cast an intelligent vote when the day comes.

AN exchange notes a curious instance of a house divided against itself. In a certain family there are two sons beside the father. One son is a republican and the other is a democrat, while the father is a socialist. They have some hot arguments and abuse each other roundly. The old man says he regrets that he ever brought two such fools into the world. The boys say they would rather not have been born than have such a d—n crank for a father.

A WINCHESTER barber has hit upon a novel method to draw the hair. He employed "Tallow Dick" Combs, who figured in the Goebel trials, to "tend bar." The saloon man's white barbers quit work, saying they would not work with a con, but the bar man held to Combs, and it is said he is drawing like a porcupine. People go in and drink simply to see Combs and say a few words with him. Some people have curious notions.

THE campaign orators are tearing their hair and have worked themselves into a lather, but the people hereabouts are saying very little on the subject of the election. It may be that they are saving words, but if such is the case, the meekness has been so freely applied that the saw is making no noise. All the political fuss in Garrard so far has been from orators and a few fellows who have nothing to do but sit on their pants and gas.

COL. W. H. GENTRY, of Lexington, has made the suggestion that officers on the governor's staff discard the uniforms used now, and dress as plain citizens when "on duty" with the executive. Col. Gentry is making a great mistake in promoting such a change. It would cause many a heartache to these hand-me-down wallflowers to be forced to lay aside the gold braid and plumes they delight to wear. In fact most of the wearers would rather have an eye tooth pulled than be compelled to dress as common people. Let 'em wear all the gold braid they can tie on. They don't mean any harm.

ALMOST every man thinks he could run a newspaper and a hotel and most think also that they are orators. The Winchester Democrat says this is especially true of those who like to get up early and argue politics before breakfast. A man who will argue politics before breakfast will steal sheep, but there are plenty who will do that. Every politician believes he is an embryo Patrick Henry, and watches for the first opportunity to spring his oratory. If you let the bars down, in he goes and revels in the green pastures, but not by the quiet

waters, because he believes in turbulent waters. He is an orator. He has read the life of Patrick Henry and has learned that he was an orator, and wholly forgets that Patrick was an orator because he had something to say. Now there is a vast difference between an orator who has something to say and the born orator. The born orator is like the poet; born, not made, and he talks whether he has anything to say or not. Oratory is an affliction, just like corns and hay fever and pink eye. Deplorable and oppressive unless something is done.

It Happened In A Drug Store.

"One day last winter a lady came to my drug store and asked for a brand of cough medicine that I did not have in stock," says Mr C R Grandin, the popular druggist of Ontario, N. Y. "She was disappointed and wanted to know what good preparation I could recommend. I said to her that I could freely recommend Chamberlain's Cough Remedy and that she could take a bottle of the remedy and after giving it a fair trial if she did not find it worth the money to bring back the bottle and I would refund the price paid. In the course of a day or two the lady came back in company with a friend in need of a cough medicine and advised her to buy a bottle of Chamberlain's Cough Remedy. I consider that a very good recommendation for the remedy." It is for sale by R E McRoberts druggist.

Work on the Carnegie library building at Newport was commenced. The \$20,000 donated by Mr. Carnegie will be spent on the erection of the building, the site having been paid for with money raised by subscription among the citizens of Newport and environs.

T. S. Stull, of Mt. Sterling, committed suicide at Lexington at the Chesapeake and Ohio depot. He had telegraphed his wife, who was at Catlettsburg, to come here, and she arrived. Stull's wife says they were married at Catlettsburg last Friday. He gave his wife a dose of the drug with which he took his own life, but she did not swallow it.

Michael Monahan, charged with the murder of the negro editor and politician, R. C. O. Benjamin, at Lexington, last Tuesday night, was dismissed by County Judge F A Bullock.

Two witnesses swore that Benjamin had declared he would return to the voting booth and have vengeance on Monahan for striking him in the afternoon and that there was a shot from Benjamin's pistol before Monahan fired.

"For three days and nights I suffered agony untold from an attack of cholera morbus brought on by eating cucumbers," says M E Lowther, clerk of the district court, Centerville, Iowa. "I thought I should surely die and tried a dozen different medicines but all to no purpose. I sent for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and three doses relieved me entirely." This remedy is for sale by R E McRoberts, druggist.

Robert Sallee purchased of J. B. McKinney, his farm containing 227 acres, near Hustonville, for \$12,500. Possession first of January.—Somerset Journal.

Hogs are scarce and readily command \$5.25 per cwt. over in the Stamping Ground community in Scott county, according to Georgetown Times.

The Brown Leghorn hen lays the smallest and whitest egg, and the Brahma lays the largest and brownest eggs, the Plymouth Rock coming next.

A Trimble county man has raised a watermelon 4 feet 5 1/2 inches in length, 3 feet 8 inches in circumference and weight 58 pounds.

Harrodsburg Democrat:—Messrs. Walters & Board shipped three carloads of fat hogs to Cincinnati this week for which they paid prices ranging from \$4.25 to \$4.60 per cwt. The whole number averaged about 210 pounds.

It is getting time of year for hogs to be more plenty, and for packers to figure on big breaks in prices. Calculations in this year of wide strong demand for product are a little hard to make upon the basis of what was done in other years.

Probably the largest cattle feeder in Kentucky is Jas. E. Clay. On his 4,200 acres of land in this county he is feeding 1,200 head, and has 1,200 acres of corn in cultivation, which will not feed them longer than January first.—Winchester Democrat.

People are never mean except through ignorance. That doesn't mean that they do not intentionally do mean and contemptible things, but the rule holds good nevertheless. They are ignorant of the ill effects it is bound to have upon themselves or they would never indulge in meanness.

The Cynthia Democrat tells of a farmer who is such a close calculator, that he figured it down to a dot how much loss it would be in the shade of an apple tree to a wheat crop, and proved it to be one quart, one pint and a fraction, and refused to seed his orchard.

Perry Browning sold to D. W. Scott and J. W. Pace the crop of lambs for 1901 from 150 ewes at 54 cents for lambs of 65 lbs. and over to go June 15th to 20th; also those of that size to go July 15th to 20th at the same price. At the last period the ewes are to be taken at \$4.50 each. Messrs Scott & Pace also take the clip of wool next spring at 25 cents per lb.—Winchester Democrat.

Georgetown Times:—Mr. Leo Thomas bought the land of Mr. Dan McMillan, 85 acres, on the Georgetown and Lexington pike, one mile from the corporate limits of Georgetown, sold publicly at \$44 per acre. Several sales of hogs at \$5 per cwt. Seed wheat 80 cents per bushel; rye 65c; export cattle \$5 per cwt., and scarce mule colts, best grade, \$60 to \$65 per head; stock ewes \$4 to \$6.

The number of Belgian hare fanciers in Kentucky is already considerable and rapidly increasing. It has been suggested that a State Belgian Hare Club be organized and we second the motion. Nothing would do more to further and foster the interests of the industry. We would like to have the views of the Kentucky breeders on this subject.—Farmers Home Journal.

At a sheep-slaughtering test recently held in Indianapolis, Ind., Chas. J. Gardner, of that city, broke the world's record in that line. It took him just 32.9 to kill and dress ten sheep, which made him "world's champion sheep dresser," and in a subsequent trial of speed he made away with the half score in 30.22, still further reducing the mark.

Georgetown Times:—Mr. George W. Bailey bought of Joe Mallory, 15 barrels of corn at \$1.50 per barrel. P B Courtney sold a hog weighing about 160 pounds to James Green for \$8.50. James Russell bought of Silas Jones and Robt. McCabe 21 yearling steers, four averaging 840 lbs. at \$4.60 per cwt., and the rest averaging 750 lbs. at \$4.50 per cwt. John V Woolmules sold to T J Burgess two mare mules, one at \$50 and the other at \$22.50, the latter an awkward and crook-legged animal. Mr. Burgess also bought a mare mule from Turner Adams at \$33, and Wm. Hutchison delivered one to him, sold some time ago, at \$35.

The Louisville Tobacco Market:—Total sales in this market last week were 3,066 hds., against 2,515 held on corresponding week of last year. Total receipts (last week) 647 hds., against 790 hds. for corresponding week last year. Rejections last week were 339 hds., 23 per cent. of the auction sales, against 21 per cent. the preceding week. Of the total sales 1,404 hds. were Burley and 1,782 were dark tobacco. There has been little change in the market since last week. Offerings have not shown much good or fine leaf. This is not surprising when we consider that the lower grades are selling so much better relatively than the good grades. The whole situation in the Burley market may be summarized by saying that lugs and trash are steady, but not very active, leaf easy and irregular at the low price quoted, colory lugs and trash strong and the supply scarce.—Farmers Home Journal.

School House Dedicated.

The new school house recently erected on the site of the old Surber school house in Wayne township, which burned last year, was dedicated last Friday, Sept. 14. An excellent program was rendered. The welcome address was delivered by N. C. Gray, the trustee of Wayne township. Dr. Hurt, Secretary of the State board of health was present and delivered the dedicatory speech, in which he pointed out the sanitary conditions of the new building and their benefits. * * *

The program was interspersed with very appropriate music, Mrs. Adels, being the organist. A bountiful dinner was served. Rev. Maple, of Gustor was present and delivered and invocation. This school house is built according to the conditions of the new law for heating, ventilating and lighting. T L Hensley, the jolly director, had the building in readiness for the occasion. Miss Furr the teacher, who is to again take charge of the school, this year expressed her gratefulness and that of the district for the presence of the distinguished visitors, and her appreciation of the hearty support given her in her school work for the past two years by both the parents and school officials.—Owen County (Ind) Journal.

The easiest way to get rid of stumps in the field or meadow is to burn them out. Dig a trench around the stumps about two feet wide and 2 1/2 or 3 feet deep, cut off all projecting roots quite close and remove the soil as well as possible. Then leave the stump for a few days to dry. Gather up a lot of dry sticks, brush, etc., and fill up the trench all around and on top of the stump and set it on fire. The stump will be consumed in a day or two. Even green stumps may be burned out in this way, although it may require a second or third supply of dry sticks on the fire to accomplish.

Neoga, Ill., Oct. 14, '99. Pepsin Syrup Co., Monticello, Ill.

Gentlemen:—I feel it my duty to express to you my gratitude for what your wonderful remedy has done for me. I was completely run down by a complication of stomach disorders. For ten months I could not work and was treated by three eminent physicians. One insisted upon operating on me, declaring nothing short of an operation for appendicitis would cure me. A friend induced me to try Dr. Caldwell's Syrup Pepsin and from the first dose I began to improve, and have not had any trouble since. I have gained 25 pounds in weight and am enjoying the very best of health. I never fail to say a good word for Dr. Caldwell's Syrup Pepsin for I know what it has done for me it will do for others.

Mr. Heberling is prepared to keep flowers through the winter, and will take them at reasonable rates. See him and secure space for your flowers.

Perkins-Eubanks.

The following notice was prepared for the last issue, but was mislaid. The marriage of Miss Jennie Perkins and Mr. J. L. Eubanks was solemnized at the residence of the bride's parents, near Marksbury, Wednesday morning at ten o'clock. The ceremony was said by Eld. J. L. Allen, of Danville. Immediately after the ceremony, Mr. and Mrs. Eubanks left for a bridal tour through Indiana. The bride is the daughter of Mr. Nixon Perkins, one of Garrard's most prominent and substantial farmers. She is quite a handsome and pretty young lady and has many accomplishments. Mr. Eubanks resides in the Hubble neighborhood, and is a farmer of fine prospects. He is a man of exemplary habits and will make the woman of his choice a good husband. The Record extends hearty congratulations to the happy pair.

And all the time be fussing,

Or buy Blue Gem, the storms to stem,
And save all further losses;
Don't cough and sneeze, and sit and freeze,
But buy your coal at
OCT-11-14 JOHN C. MOSS-ES.

The people should not be too hasty and censure the Marshal for the existence of so many tigers in Lancaster. The Record knows of a number of cases where Mr. Pearce would make arrests, get witnesses and a jury would find the accused not guilty. Its well enough to probe to the bottom of this matter. If the people will come to the front and back the officer up, a much better state of affairs will be secured. When a case is tried, the temperance people should take an interest in its progress, and show by their presence that they mean for this evil to be stamped out.

Telephone Meeting.
Messrs. A. H. Bastin, vice president, and Jas. Maret, secretary, left Tuesday morning for the meeting of the Independent Telephone Companies now being held at Winchester. The work being done by these companies is of great interest to the public. They are attempting to perfect a thorough organization of the different companies in Kentucky, build first-class lines and thus give the people a complete and up-to-date service all over the state. Most all of the companies are together, but a few small ones, and it is thought these will join the procession at the Winchester meeting. Messrs. Bastin and Maret are entitled to much praise for their untiring work for better service. A full report of the meeting will be given in next issue.
